### Annual Winter Sports Roast Sat., Oct. 26 — "Servin' Irvin"

Once again, the time is at hand for the annual roast to benefit the Grayling Winter Sports Carnival.

This year's recipient of richly deserved ridicule will be none other than Irving "Servin' Irvin" McIsaac...the Boxcar Willie of Grayling. Irvin has established himself as somewhat of a legend hereabouts, and a distinguished panel of roasters has been assembled to present a public humiliation of verbal abuse that will live in infamy.

Don't miss the fun, Saturday, Oct. 26, at the Knights of Columbus. Cash bar at 6:30, dinner at 7:30, and the toasting, roasting, broasting of the retired railroader and disorderly orderly at 8:30. Tickets are going fast at the low, low price of \$8.50, and are available at the Cornell Building, Mac's Drugs, Chamber of Commerce, R & H Sports, Bear's Country Inn, Rutter's Window & Door, and other locations worldwide.

### Thank You Grayling Day To Be Held October 16

Thank You Grayling Day will be held Wednesday, October 16, throughout Grayling as merchants show their appreciation to Grayling area residents.

From 11:30 a.m. to 3 p.m., the Grayling State Bank will have free hot dogs, apple cider, and coffee on hand to show its appreciation to its Grayling customers.

At noon, a new flag pole at the Grayling Chamber of Commerce building will be dedicated.

Cornell Real Estate and Insurance will have cider and doughnuts on hand to show appreciation to its customers.

Old Kent Bank will have coffee and doughnuts on hand to show appreciation to its customers.

### Stroke Club Meets Here Oct. 11

The Grayling Health Care Center will be host to the first Crawford County Stroke Club meeting sponsored by the American Heart Association on Friday, October 11, at 4 p.m.

The Stroke Club is open to stroke victims, their families, friends and others interested in finding out more about strokes. The Stroke Club meetings will be held on a monthly basis to provide members with educational information, emotional support as well as recreational activities.

Dr. William Williams, gerontologist and Medical Director of the Grayling Health Care Center, will speak at the October meeting on what occurs during and after a stroke. A question and answer period will follow the meeting and coffee and cookies will be served.

Also attending the Stroke Club meeting will be Roger Rowen, Director of the American Heart Association for the Northern Michigan Region.

The Grayling Health Care Center is located on Grayling's South I-75 Business Loop (across from McDonald's). For more information, contact Nancy Holcomb, Stroke Club Coordinator, at (517) 348-2801.

Items to be auctioned will be new items from merchants and arts and crafts from the general public. Merchants will be asked to donate items this year in place of money donations to the United Way Campaign.

## Lovells Backs Entire Board

By Jon Thompson

Not one of the five Lovells Township Board members were recalled in a special election Tuesday.

Supervisor Lyle Jewell, Clerk Helen Spencer, Treasurer Dolores Haberland, and Trustees Betty Burden and Esther Joyce Mullin all will retain the offices they were elected to in November of 1984.

Supervisor Lyle Jewell received 94 votes for recalling him and 151 against recalling him.

Clerk Helen Spencer received 94 votes for recalling her and 152 votes against recalling her.

Treasurer Dolores Haberland received 77 votes for recalling her and 169 votes against recalling her.

Trustee Betty Burden received 87 votes for recalling her and 161 votes against recalling her.

Trustee Esther Joyce Mullin received 78 votes for recalling her and 176 against recalling her.

Voter turnout was high in Lovells Township with 241 persons casting ballots. About 68 percent of the 351 registered voters participated in the Tuesday election.

Clerk Helen Spencer said the number of actual eligible voters in the township may be lower than 351 because many people who have moved away permanently are still on the voting rolls.

The charges against the five board members in the recall election dealt mainly with improvements and additions worth about \$33,000 to the township hall and fire hall.

There were six charges of misconduct placed on the ballot by Lovells residents requesting the recall. The five board members were given space on the ballot to defend their actions.

The recall election cost the township an estimated \$1,500.

The voting results are not official until the county board of canvassers meet Wednesday at 1 p.m. to certify results.

The five township officers, elected in 1984, have four-year terms.

## Teddy Bear Clinic

Sixty seven children learned emergency room procedures Saturday when they took their teddy bears and other dolls into the Grayling Mercy Hospital emergency room. While the teddy bears received new stitches, buttons, and other minor repairs, the children had their vital signs taken by staff and volunteers and learned about the emergency room. Usually a child's first encounter with an emergency room is under unpleasant situations when someone is sick or injured. Mercy Hospital sponsored the

teddy bear clinic to introduce the children to emergency room procedures during a pleasant time to try to avoid a frightening situation later. Greg Waggoner, of the Northern Michigan Emergency Medical Services, shows children an x-ray of an injured teddy bear at left. At right, a girl smiles at two of several teddy bears that were displayed at Mercy Hospital Saturday. Bottom right, Mercy Hospital Auxiliary workers help repair teddy bears and dolls.

## KCC Receives \$200,000 for Video System

Kirtland Community College received a \$200,000 grant from the U.S. Dept. of Education October 1st to start an interactive video system linking the college with eight sites in local school districts.

Steven Perry, KCC Dean of Executive Management Services, said the video system is probably the first one in the country involving a college, intermediate school district, and K-12 school districts.

The system will be developed over the next three years. KCC will be receiving a \$200,000 grant each year for a total of \$600,000 from the U.S. Dept. of Education. Most of the grant money will be spent for equipment and engineering services.

The system will allow a program to be broadcast from a central studio at KCC to eight satellite sites. At each site there will probably be three screens and an audio hook-up. Not only will students be able to see the instructor broadcast from the central station, they will be able to talk with him or her.

The students will be able to see the instructor on one screen, other classrooms on

another screen, and their own classroom on one screen. They will be able to see another student at a different satellite site ask questions or demonstrate something.

The satellite sites will be located in eight local school districts — Crawford AuSable, Gerrish-Higgins, Houghton Lake, West Branch, Mio, Fairview, Whittemore-Prescott, and Hale.

The interactive video system will allow KCC to complement their current class offerings. Before, if a class offered in Grayling, for example, only drew three persons, the college couldn't afford to continue the class. Now, if each of the eight satellite sites had three persons interested in the class, that would be enough students to hold the class.

Perry said initially KCC would probably offer advanced science, math, and language courses. Later on, Perry said KCC could offer more liberal arts courses or even hook up with a four-year institution to offer more upper level courses.

"Only funding and your imagination limit what could be offered through this system,"

said Perry.

But he stressed that KCC was going to go slow in developing the system and do it right. "We want to crawl before we walk and walk before we run," he said.

It's easy to see why KCC is excited about the interactive video system. Kirtland's 2300-square-mile district is the largest in the state. It's a computer college with the average student making a fifty-mile round trip to the campus.

The interactive video system won't replace any of the campus classes, but it will allow KCC to reach and offer additional classes in local school districts. The system

can also be used to reach the professional community and offer in-service and professional development seminars.

The three-year plan for developing the system tentatively calls for hooking up two stations the first year and three stations each of the next two years. It's possible a class may be offered over the system next fall at the first two satellite sites.

Perry said the effort to start the interactive video system was a bi-partisan venture including everyone from state representatives to U.S. senators. Perry said all of the local school districts pulled together with COOR and KCC to support the project.

## Maple Forest Township Looks For Supervisor Job Applicants

Barbara Hunter is resigning as Maple Forest Township Supervisor and the township board is looking for applicants to fill the position.

Hunter was elected to a four-year term in November, 1984. Her resignation is effective November 21, 1985. The Maple Forest Township Board may appoint a person to fill the position until an election can be held.

The supervisor position in Maple Forest is

a combined job with the assessor position. In other townships, a supervisor is responsible for the tax assessment rolls but often has an assessor on the staff.

Maple Forest is the least populated township in Crawford and has only 239 registered voters.

Maple Forest Township residents have until Monday, October 28, to submit their applications to the township board.

## Does American Red Cross Deserve Your Financial Support?

The first mandate from the Congress of the U.S. requires American Red Cross to assist Servicemen and Servicewomen and their

families in time of need. Here is an example of this vital humanitarian service as rendered to a Grayling family within the last twelve

months: About 7 p.m. one evening the phone rang at one of the three Service to the Military See Red Cross on Page 15

## GHS Homecoming Parade, Game Slated for Friday

The Grayling High School Homecoming Parade will kick-off the traditional Friday night Homecoming activities in Grayling October 11.

The parade, featuring floats from each class and king and queen class representatives, will start at the Grayling Middle School at 5 p.m.

The parade will go down Ogema by the middle school to Peninsular Street. It travels Peninsular to Michigan Avenue. It will follow Michigan on the way to the football field.

The floats and kings and queens will also be on hand during halftime of the GHS football game Friday night. This year for Homecoming Grayling will battle St. Ignace, a team which was ranked number one in Class C before a last-second upset by Gaylord.

It was two years ago when Grayling also faced St. Ignace during a Viking Home-

coming game. Grayling nipped the Saints 7-6 and it turned out to be the only loss of the year for the Class D state champions.

Nominees for class king and queen are as follows:

Freshman Queen - Amy Denton, Lori Gust, Sheryl Klinger, and Janet Petrosky. Freshman King - Rusty Argue, Derrick Christman, Kraig Hudson, and Mike VanHill.

Sophomore Queen - Leslie Fraser, Kelly Hudson, Debi Clemons, and Kelly Springer. Sophomore King - Flaskie Robins, John Cross, Irving Lawson, and Jeff Palmer.

Junior Queen - Betsi Burns, Shawn Denton, Amy Smith, and Richelle Trudeau. Junior King - Fred Fisher, Todd Klinger, Bubba Neilson, and Scott VanDeVen.

Senior Queen - Christine Mahaney, Tina Meldrum, Piper Ostrowski, and Kim Springer. Senior King - Gary Beckwith, Don Brooks, Kevin Hudson, and Tom Miller.

## Revenue Sharing Cuts Loom Ahead for County

The end to federal revenue sharing is approaching, Jim Moran, an aide for Senator Carl Levin, told Crawford County Commissioners at their September 26th board meeting.

Moran said federal revenue sharing would probably be cut 25 percent next year and 100 percent the following year. For Crawford County, that means an approximately \$50,000 loss for their 1986 budget year and an approximately \$200,000 loss for their 1987 budget year.

Commissioners said county services will likely have to be reduced if there is no other way to generate revenue to offset the loss.

One possible alternative for extra funds the commissioners will look into is through the U.S. Dept. of Defense. Commissioner Jeannette Kitchen requested an updated report on the county's law enforcement activities involving Camp Grayling. She asked to have the report sent to the U.S. Senate to try to obtain financial assistance from the defense department.

In 1984, there were 185 incidents at Camp Grayling sheriff deputies were sent to. Figures were unavailable concerning the number of National Guards or Army personnel involved in traffic accidents or other incidents requiring county services.

The county had requested assistance from the defense department before and an estimate of \$60,000 was reached to compensate the county for services to military personnel each year. The county never received any money, however.

Commission chairperson Mary Harland said they are going to need all the co-operation they can receive from Senator Levin to obtain any money.

At the same September 26th meeting, a truth in taxation public hearing was held with only seven persons from the public attending. Without the truth in taxation hearing, the county would have had to roll back millage that amounted to \$48,912 in revenues for the county, \$5,004 in revenues for Dial-A-Ride, \$1,669 in revenues for the Commission on Aging.

## From Our Corner...

Things have not changed that much in one year...the nostalgia was still there Saturday as we watched the Timberliner pull into Grayling, and watched the many people who disembarked to take in our surroundings...so, with that, we reprint last year's corner on our feelings...

As the passengers streamed off the train and started to wander down main street brought back the thought of the snow trains as they would arrive for a Sunday of winter fun, or just fun in the north country...also a nostalgia sight was the busses lined up by the depot, the Holiday Inn LeCoache bus and Ray's Canoe Livery bus were on hand to take any of the visitors someplace else if they wished...these busses replaced the stake trucks that used to meet the snow trains to take the people out to the park...

The sight of the passenger train pulling into town also brought back the memories when I was growing up in Gaylord and spent many hours around the depot as my father was a clerk and also handled the midnight train which went south around 11:30 and then the morning train going north at around six...I used to help him with the mail as that was one of the jobs taking the mail from the post office to the train...we always knew when money was being sent out of Gaylord or some coming in for the Gaylord bank, the sheriff and his deputy...that was our law enforcement back then...would always meet the train and would always be near when the mail was being transferred...not right with my father and I but, close enough to see what was going on...

And then seeing the passenger coaches brought back the memories of the many miles that we traveled by train, both before we went into the army and after we were in...at one time or another we crossed the states from New York to Seattle and San Francisco, and from Gaylord to Alexander, Louisiana...many nights we went to sleep, sometimes in the Pullman car, others just in the seats, listening to the clackety-clack of the wheels on the rails...it is something one has to experience to understand what I mean, it is a sound different from anything else that I can think of...

There were quite a few youngsters that got off the Timberliner which I think was real nice, there are many who will never have the chance to experience the old saying of riding the rails...and to think that at one time besides a horse that was the only mode of travel for everyone...now we are sending people to the moon...we're not going to be around but, it is hard to imagine what science and technology will bring to outer space in time to come...it was the iron horse that opened the gates to this great nation...

Yes, the Timberliner brought back memories of yesteryear...come to think of it my folks never seen television...their means of communication was the newspapers, radio, and the cinema...Clara Bow was the sex-pot of the twenties and Charlie Chaplin the comic...Tarzan was the idol of the kids at the Saturday afternoon movies...I guess it sort of dates us when we can remember the silent movies...but then, I guess nostalgia helps one forget the trials and tribulations of the way of life it is today...we imagine our parents had their worries back then too, we just were too young to realize them...

The Leprechaun, for a change did not win the top prize in a drawing...his lovely wife did...Moe, walked off with the first prize at the Rotary Club's \$50.00 per bash held last Saturday night at the K of C hall...Moe's prize, a hot tub, something like a whirlpool with sitting for four in it...the Greek, Grayling's answer to Aristotle Onassis, now has his own Skopios Island in his back yard...second prize went to his honor, Judge Tom Davis' wife Sandy, a 25" TV with remote control...we understand Irvin McIsaac also won a TV but, that is understandable, he's president of the Rotary Club...

We got a little flak last year because we didn't mention that the Timberliner was sponsored by the Chamber of Commerce...we don't like to have two misses in a row...

With that we bid our gals, T.J., Stefany and Amber goodnight, and to all have a nice weekend...

## The Bible Speaks

From Calvary Baptist Church

### VICTORY OVER ALCOHOL!

During the past 20 years as chaplain and counselor in different prison systems, I have encountered the following words printed on cards and read daily by many dry alcoholics:

"Keeping sober is the most important thing in my life. The most important decision I ever made was my decision to give up drinking. I am convinced that my whole life depends on not taking that first drink. Nothing is as important to me as my own sobriety. Everything I have, my whole life, depends on that one thing. Can I afford to forget this, even for one minute?"

During those formative years of alcohol abuse prior to addiction, the young drinker might have sounded like this:

"Drinking is the most important thing in my life. The most important decision I ever made was my decision to take that first drink. I am convinced that my whole life depends on the pleasure of getting drunk. Nothing is as important to me as my booze. Everything I have, my whole life revolves around my drinking. How can I put booze out of my mind, even for one minute?"

My dear alcoholic friend, I support anything which helps you avoid the use of alcohol. But, can't you see that alcohol has become your god? First, you worship him in lust for the pleasure received. Now you worship him in hatred and fear as your master who desires to deceive your mind and destroy your body and soul.

Total victory over alcohol comes only through Jesus Christ. Reformation may save your mind and body, but only Jesus Christ can save your mind, body, and soul for eternity. He is the highest power in the universe. "And Jesus came and spoke unto them, saying, all power is given unto me in heaven and in earth." (Matthew 28:18). Turn your

alcohol burden and bondage over to Jesus Christ, "Come unto me, all ye that labor and are heavy laden, and I will give you rest. Take my yoke upon you, and learn of me: for I am meek and lowly in heart, and ye shall find rest unto your souls. For my yoke is easy, and my burden is light." (Matthew 11:28-30). Find the contentment and courage only Christ can bring, "I can do all things through Christ, who strengtheneth me." (Philippians 4:13).

Were a saved alcoholic to rewrite the above words, love, joy and victory would abound: "Glorifying God is the most important thing in my life. The most important decision I ever made was my decision to trust Jesus Christ as my personal God and savior. I am convinced that my whole life depends on my continued faith and obedience to His Holy Scriptures. Nothing is as important to me as my own spirituality. Everything I have, my whole life depends on Jesus Christ. Why would I ever want to forget Him, for even one minute?"

## Matilda Foley Bishop Dies in California

Matilda Foley Bishop, a long time resident of Grayling, Shaker Heights, Ohio and Long Beach, California, passed away at the age of 89 in Long Beach, California, October 4, 1985 after a short illness.

The daughter of William M. Foley, a lumberman and Elizabeth, a school teacher of Luzerne was born in a one room log cabin on the banks of the AuSable River at Lovesey Flats, January 24, 1896. She later became adopted by Oscar & Nellie Palmer of Grayling.

Graduating from Grayling High School with honors in 1914 at 16, she passed the Michigan State Teachers examination, becoming Michigan's youngest teacher. Her first assignment was at Lovells, a one room schoolhouse teaching grades 1 through 8 at the salary of \$40.00 per month. Two years later she was transferred to Mio, then to Ypsilanti then Pontiac where she taught while attending the University of Michigan, graduating Phi Beta Kappa and Magna Cum Laude in Education in 1924. She accepted a post with the Shaker Heights School system in Ohio where she remained until her retirement in 1965.

Mrs. Bishop attended Harvard, Western Reserve University, Columbia University, University of Florence, Italy, and Oxford, England where she earned credits toward Masters degrees in History, Economics, English and School Administration. In 1926 she became the first Principal in Ludlow Elementary School in Shaker Heights. She served as a National officer and President of the Ohio Teachers Association, Cleveland University Women's Club, Michigan University Women's Alumni Association, The Honorary Teaching Fraternity Pi Lambda Theta and a life member of the PTA.

After World War II at the request of the State Department she served 2 years on the staff of Gen. Douglas MacArthur with the rating of Lt. Col. as a director of National Education Association, setting up the curriculum of the Elementary and Jr. high levels for the Japanese Government. She traveled extensively with Mrs. Douglas MacArthur throughout occupied Japan. Upon her return from Shaker in 1965 she returned to her home at 604 Chestnut Street where she served her community several years on the Crawford AuSable School board, and lectured extensively throughout the country on the Japanese Educational system.

A life long Republican she served as chairman of the Northern District to elect George Romney to Governor and was a state delegate in his unsuccessful bid for president.

She is survived by her sisters, Margaret of Detroit and Gertrude of Gross Ile; her son Douglas; a grandson Charles and four great grandchildren of California.

Interment will be in the family plot in Elmwood Cemetery, Grayling. Local services at the Michelson Memorial United Methodist Church to be announced.

## Stop Smoking! Lose Weight!

## Hypnosis Seminars at Grayling High School

Are you literally allowing years of your life to go up in smoke? Or enjoying life less than you could with a smaller, healthier body? If so, do yourself a favor — stop smoking or lose weight! You can do either easier than you can imagine with hypnosis as your helper.

That's the word from Jim Hoke, author and behavior counselor who has specialized in hypnosis for 14 years. The Grayling Community Education Program will offer seminars designed by him on Monday, October 28 at Grayling High School. A stop smoking seminar at 6:00 p.m. and a weight control seminar at 8:30 p.m. will be conducted by Jeff Hobson, who was personally trained by Hoke. Because the \$30 fee is refundable halfway through the seminar, participants have nothing to lose but bad habits. Registrations for the class are presently being accepted at the Community School Office. Registration for these seminars must be completed by October 21. For more information call your Community School Office at 348-7641.

An ongoing survey proves that four out of five smokers who complete the Self Psych program become non-smokers, and weight loss clients have lost as high as 259 pounds.

Hoke is president of Self Psych Inc., which has offered these same seminars for American Lung Association affiliates in 74 cities in 11 states, the Texas Public Health Association in 15 cities, the National Kidney Foundation of Louisiana in seven cities, and community education programs in more than 100 Michigan cities.

### Attitudes of Officials Wondrous

by Richard Millman

You have to wonder sometimes at the attitudes expressed by some elected public officials when they get in a pinch.

Several examples have appeared in public print recently; reflecting what appears to be somewhat cavalier attitudes by elected officials toward other public officials, or — worse yet — toward the voters who elected them.

**TAKE FOR** example District Judge David Gee, in Livingston County, who was involved in the highly visible and highly emotional Shawn Moore kidnap and murder case near Brighton.

Police officials had a suspect, but didn't have enough evidence for a warrant immediately, so they let him go. The suspect went to Florida, but police officers were on the same plane, and kept him under surveillance in Florida. Eventually, police figured they had enough data to make a warrant stand up, so they went to Judge Gee to get one issued.

However, they were a bit late, and the judge had gone to lunch. The subsequent delay in the warrant issuance was blamed by police in permitting the suspect to elude officers in Florida. Fortunately the suspect was picked up a day or so later anyway.

Judge Gee apparently figured he did no wrong.

"They promised to get it to me before noon," he explained in the press. "If they don't have it ready, that's not my problem. I could work through my lunch hour every day if I waited for their problems.

**OR TAKE FOR** another example State Sen. Harry DeMaso of Battle Creek.

Sen. DeMaso apparently scheduled a trip to South Africa for himself and an assistant, with expenses for transportation and hotel being paid by the South African government, which is at the center of one of today's hottest world crises. But abruptly Sen. DeMaso cancelled the arrangements.

Why was he going to South Africa in the first place, and why did he cancel? Nobody knows — except Sen. DeMaso. And he's not talking.

"I don't have to give a reason why,"

DeMaso is quoted in a newspaper account. "It was my personal reason why I wanted to go and my personal reason to cancel."

**AS ONE MORE** example, take a look at U.S. Rep. Dan Daniel of Virginia, who was cited by the self-styled citizens lobby Common Cause as having accepted frequent trips to his district aboard a plane owned by an aircraft firm, while pushing legislation for the Pentagon to spend \$57 million to buy 24 aircraft from the same firm. House rules prohibit members from accepting gifts of more than \$100 a year from lobbyists or anyone with a direct interest in legislation.

A newspaper in Richmond, Va., asked Rep. Daniel if he knew whether he had complied with the gift limitation. He responded:

"I really don't, and the truth of the matter is, I don't care."

**LITTLE THINGS?** Perhaps. Important things? Maybe not.

Maybe a district judge need not concern himself with the problems of the prosecutor, even though the case involved has struck to the marrow in the entire community, and has involved hundreds of police officers and countless volunteers.

Maybe a state senator doesn't have to tell his constituents why he wanted to go to one of the world's toughest trouble spots, with most expenses paid by the beleaguered government which has come under strong criticism and censure from throughout the world, or explain to the folks who elected him why he changed his plans.

Maybe a congressman shouldn't bother to care whether he has violated rules of the House, regardless of how it looks.

Maybe, as so many observers hasten to point out, the people really don't care in the first place. And maybe talking to the press is not the same as talking to the people, either.

But all three cases cited here — and many others which pop up all too frequently — smack of an attitude of self-righteousness which is unbecoming in a public official.

The final judge, of course, is the ballot box.

**TO THE RETIREE GO THE SPOILS** — Col. Ivan Gwilt shown above in his living room the day after he was honored at his retirement party from the Michigan Army National Guard held at the Camp Grayling Officer's Club. Along with the many gifts, plaques, certificates, Col. Gwilt was presented with the prestigious "Legion of Merit" medal and certificate signed by Secretary of Army, John Marsh, Jr., and Lieutenant General Edward C. Peters, 4th Army Commander, plus the "Distinguished Service Medal" and certificate from the Department of Military Affairs, State of Michigan, signed by Major General Vernon J. Andrews, The Adjutant General of Michigan. (Jim Adams Photo).

## Senior Citizens Victims of Illegal Insurance Salesmen

Senior citizens in the area are being contacted by insurance salesmen who offer to "explain changes in Medicare" and want to sell them additional medical insurance, according to Len Connolly, District Manager of the Traverse City Social Security Office.

Seniors have complained that the salesmen will not identify which company they represent. At least one has said his company had obtained the names of seniors by purchasing a list from the Social Security Administration.

Connolly has these reminders for seniors:

(1) Social Security records are strictly confidential, and no company or individual can obtain information about you without your consent.

(2) Neither Social Security nor Medicare have people who make routine visits to people's homes for the purpose of explaining Medicare. People who need information about Medicare can simply phone any Social Security office, or use the Medicare toll free number (From area code 616, call 1-800-442-8020. From area code 517, dial 1-800-322-0607.

(3) If anyone calls at your home and says, or infers, that he or she is from "Social Security" or "Medicare", ask for identification. All Social Security employees carry U.S. Government I.D. with a picture.

(4) Social Security does not sell insurance, nor do we recommend any particular insurance as a supplement to the Medicare program.

(5) Before buying any supplemental insurance, talk over the policy and the decision with a friend or relative. If the salesperson is not willing to allow the time to do this, you may not want the policy anyway.

(6) If the salesperson asks for an immediate large premium payment, be suspicious!

Medicare does not pay all medical expenses, and there are deductibles and copayment amounts not covered, so many people do have a legitimate need for some type of supplement insurance in addition to Medicare. However, Connolly warned

that some insurance agents mislead the senior into believing they "represent" Medicare or Social Security, as a way of gaining the senior's confidence.

Anyone wanting information about shopping for supplemental medical insurance can request a free brochure "Guide to Health Insurance for People with Medicare," by calling the Traverse City Social Security office at (616) 946-8360, or writing them at 1111 E. Front Street, Traverse City, MI 49684.

### State High School Students Show Higher Scores on National Tests

Warren M. Hoyt, Exec. Dir., MPA

State high school test results from the American College Test (ACT), one of two major college admission examinations, showed the average Michigan high school student scoring higher than the national average.

Coupled with results released earlier showing the average state student scoring higher than the national average on the Scholastic Aptitude Test (SAT), Superintendent of Public Instruction Phillip Runkel said the two results (reveal the results of continuing improvements in Michigan schools.)

The 1984-85 test results from the more than 66,500 students that took the ACT, five times the number that took the SAT, showed that the average state result among high school graduates was 18.9, up from the 1983-84 average of 18.8 and over the national average of 18.6.

The state overall average on the ACT scores improved for the third consecutive year. It also marked the fifth consecutive year that the state overall average was higher than the national average.

Overall Michigan ACT scores were up in english, social studies and natural sciences, but went down in mathematics, Runkel reported.

The results also showed that Michigan men's scores improved or remained stable in all testing areas, while women's scores improved or remained stable in all areas except mathematics.

### ELECTIONS DIVISION OFFERS NEW COMPUTER ACCESS SYSTEM

A new system to provide the public, news media, and others easier access to federal campaign reports was announced recently by Secretary of State Richard Austin and Federal Elections Commission Chairman John Warren McGarry.

The system involves installation of a

computer terminal in the Dept. of State Elections Division in Lansing that will be linked to the Federal Elections Commission computer in Washington, D.C.

The Lansing terminal will provide direct access to campaign reports for any federal candidate or committee throughout the U.S. and is available to users at no cost.

Previously, only reports of Michigan candidates for federal office and their committees were available in the state elections office.

Information is organized to show contributions to candidates for federal office, contributions by Michigan-based political action committees involved in federal elections, and contributions by individuals.

Austin reported that the only expense incurred by the state to participate in the system was the purchase of a receiving terminal which costs approximately \$400.

"The disclosure of campaign related finances plays two significant roles in our electoral process," he said.

Austin said first the system increases the quality of information reaching citizens, giving voters a complete accounting of the various interests supporting those seeking office, and second, campaign finance disclosure laws provide an effective and clearly visible deterrent against corruption in politics.

The disclosure system was made possible through a cooperative effort between the Michigan Department of State and the federal commission, Austin said.

The state's election division also receives all campaign finance disclosure reports filed by state candidates and committees under Michigan's Campaign Finance Act.

Michigan is the ninth state in the country to participate in the disclosure system.

## Doodles From The Tall Timber

By Wendell L. Hoover

The number of mushrooms, toadstools or fungi that is now growing in the area is almost overwhelming. I've been asked which are and are not edible. The Shaggy Mane and the Puff Ball are edible according to those who really know mushrooms. The Shaggy Mane must be used very soon after picking or else it turns into a black, sticky, inky mess. The Puff Ball should be peeled and cut open before cooking. If any discoloration at all is present, that specimen should be discarded.

The real danger of the fall mushrooms lies in the fact that while there are numerous edible mushrooms there are some poisonous look alikes. For example, in the Amanita species there are one or two that are said to be edible, but the Amanita as a group are extremely poisonous and therefore not recommended for eating.

To properly identify most of the fall mushrooms it is necessary to make a spore print. While two mushrooms may look the same the spore prints will reveal their true identity. The spore deposit from the Amanita is white even if the gills on the underside of the cap is not white.

To make a spore print, handle the specimen very carefully. Cut the stem off very close to the cap which is placed gill side down on a black piece of paper. Cover the cap with a bowl and let it remain covered for an hour or so. When the bowl and cap are removed from the paper a thin white deposit should be apparent if the mushroom is an Amanita. It is said that the destroying angel (Amanita) and its relatives cause a higher percentage of deaths than do rattlesnake bites.

**COUNTY PLAQUE IN WASHINGTON** — U.S. Senator Donald Riegle's Washington office is now decorated with a plaque given to him by the Crawford County Commission on Aging. Members of the Commission were recently in Washington to present the award to the Michigan Senator for his efforts on saving Social Security benefits and legislation aimed at improving the conditions for senior citizens.

"I have a job in Washington to continue the commitment of the federal government to the elderly," Riegle said. "I intend to see this pledge is upheld now and in the future."

"The commission wanted to show its appreciation for the work our Senators have done," Joan Woodman, spokesperson for the Commission, said. The group presented a similar award to Senator Carl Levin.

## Veterans Administration Clinic Opened in Gaylord

The Veterans Administration announced that they will be opening an outpatient clinic in Gaylord at the Otsego County Hospital. The clinic will begin serving Veterans in northern Michigan on Monday, October 7, and will be open Mondays, Wednesdays and Fridays.

The Veterans Administration Hospital in Saginaw will be administering the pro-

grams at the clinic and have requested Red Cross presence at the clinic. The Red Cross has had a very strong program in the Saginaw Hospital, and Veterans Administration officials feel our presence at the clinic will enhance patient care.

We would like you to join us in Gaylord on Thursday, September 19 at 7 p.m. at the Chalet Centre to discuss the

role our chapters can play in promoting this new clinic and providing services to Veterans at the Clinic.

We realize that many of you are preparing to travel that weekend to the Territory Conference and that this trip might present some difficulty. Your input and assistance in promoting and planning for this program will be instrumental.

### Herbal Corner

The following quote was found in my Herbalist book. Since that time I have thought of its simplicity and its reality. I never tire reading it, and I should like to share it for your thoughts.

"It is the Earth, like a kind mother, receives us at our birth, and sustains us when born. It is this alone, of all the elements around us, that is never found an enemy to man. The body of waters deluge him with rains; oppress him with hail, and drown him with inundations; the air rushes in storms, prepares the tempest, or lights up the volcano; but the Earth, gentle and indulgent, ever subservient to the wants of man, spreads his walks with flowers, and his table with plenty; returns with interest every good committed to her care; and though she produces the poison, she still supplies the antidote; though constantly teased the more to furnish the luxuries of man than his necessities, yet, even to the last, she continues her kind indulgence, and when life is over, she piously hides his remains in her bosom." Pliny, 23-79 A.D.

I think of these words whenever I feed the soil the residues of harvest, water during an absence of rain. I think of the sun after a duration of cloudiness and the coolness after heated days.

I often wonder at Man's intelligence, or ignorance, when he knows that leaving the Earth alone she will correct his mistakes; but when he continually feeds her what she does not want or strips her of dignity by raping her cover, she will one day destroy him.

For those of you who wonder if there is a God, look around you and reach out. God does indeed love you and wishes you well. Only Man hurts and destroys, and he does so by choice.

Herbally yours, E. Diona Cerelli, C.H.

### "Let's Talk About" New Series at Mercy Hospital

"Let's Talk About Hypertension" is the first in a series of "Let's Talk About" Programs offered by Mercy Hospital, Grayling. The first program will be held October 17, at 7 p.m., in the private dining room. Dr. Donald Burkley of the Family Practice Clinic in Grayling, will present the program and answer questions.

Hypertension, more commonly referred to as high blood pressure, is known as the 'silent killer'. Silent because there are few, if any, warning signals to the victim. The only way to detect high blood pressure is through routine blood pressure testing. Hypertension is a prelude to such serious medical traumas as heart attack, stroke, and kidney failure.

While its long term effects can be devastating, with control and management, persons with high blood pressure can significantly reduce its long-term effects. Dr. Burkley will discuss various methods of blood pressure management including proper nutrition (reduced salt and fat in the diet); exercise and medication maintenance. Having high blood pressure does not mean a restricted lifestyle. People can live long healthy, active lives with high blood pressure if it is under control.

"Let's Talk About Hypertension" is offered by Mercy Hospital as a community service. There is no fee for this program. Interested persons are requested to register for the program by calling 348-5461, extension 120. Space is limited to register early.

## Former Coach Honored in U.P.

Editor's Note: The following article was sent to the Avalanche by Jean Gannon of Marquette formerly Jean Lovely of Grayling. The article appeared in the Marquette Mining Journal. We felt it would be of interest to Art's friends in Grayling.

Marquette — Ten people with a significant impact in the Upper Peninsula — including Marquette's Morgan "Mugs" Gingrass — will be inducted into the U.P. Sports Hall of Fame at a dinner in their honor in March of 1986.

They were recently selected at the annual meeting of the U.P. Sports Hall of Fame Council at Michigan Technological University in Houghton. The council is made up of 23 volunteer members from throughout the Peninsula.

The 1986 induction dinner will take place Saturday, March 15, at Northern Michigan University in Marquette. A reception after the dinner will be held at Marquette's Holiday Inn.

Art Allen of Thompson, a high school and college athlete and a longtime high school coach and athletic administrator. Allen lettered in three sports at Manistique High School, and he lettered in football and track at NMU after serving a stint in the United States Navy during World War II. He was a teacher and coach for more than 30 years, serving at Cooks, Grayling, L'Anse, Newberry and West Iron County High Schools. He also served as an athletic director for 10 years. His track teams won 10 regional and two U.P. Class B titles.

For 20 years, Allen served as a coaches' representative on the U.P. Athletic Council of the Michigan High School Athletic Association and he has been a registered official in three sports for 25 years.

He was named to the NMU Sports Hall of Fame in 1983, and Allen — an Iron River resident — received NMU's Service Award in 1984. He is the current president of the U.P. Sports Hall of Fame Council.

## Parents-Teenagers Relationship Series Sponsored by Mercy

Improving relations between parents and teenagers will be the focus of a series of discussion sessions beginning October 22, 7 p.m. at Mercy Hospital, Grayling. The program is being sponsored by the hospital with cooperation from Michelson United Memorial Methodist Church. The discussion sessions will utilize material and methods from the Systematic Training for Effective Parenting of Teens (STEP/TEEN). Pastor Jeff Regan of Michelson Memorial will facilitate the discussion sessions with assistance from Ms. Kathryn Zelinsky, coordinator of pediatrics and OB.

STEP/TEEN encourages mutual respect between parents and teens. It leads to increased cooperation, more effective communication and a more responsible, self-reliant attitude among teenagers.

Interest in parenting education is a nation-wide trend responding to many social changes, including changing roles for mothers,

Michigan and Crawford County are well represented in the presence of members of the weasel family (Mustelidae). Martens, fishers, skunks, mink, otters, badgers and three species of weasels are all found in the state. Though we refer to Michigan as the "Wolverine State", there are no wild members of this largest weasel species in the state, and there is doubt that there ever was.

The weasel family is economically important, as both an asset and a debit. On the positive side, trappers seek out mink, otters, fishers, martens and badgers for their hides. (The latter three are completely protected in Michigan.) Skunks and weasels (sometimes referred to as ermine) are also incidentally taken by trappers, but their main impact is on the negative side.

Skunks with their most effective defensive mechanism are found just about everywhere. City dwellers and rural folks alike get them in garbage cans, garages and under houses. Weasels prey on every living thing they can catch and kill. When a weasel finds himself in the presence of a number of creatures which he considers natural prey, he will kill them all. If this is a mouse nest or a rat colony, we consider it a boon. If, however, this fierce little critter is in a poultry yard and kills all the chickens we feel differently.

Seldom seen, the Mustelidae are quite important to many people throughout our state.

### Bits . . . . . by Fay

The Jim Kessler family of Saginaw visited the Jerome Kesslers over the weekend.

Mrs. Wendy Kucharek and Becky Doremire were in Marlette on Sunday, September 29, to attend a fund-raising chicken dinner for John Sullivan. John is the son of Dick and Marcia Sullivan who was struck by lightning during a golf match this past summer. The fund-raiser raised \$7000 for the family to help with their expenses. John is at home with his family and Bud and Doris Sorenson, his grandparents, have been down there helping for the past two months.

On October 2, 1985, Liberty Galvani was happy to receive news of the birth of her new half-sister, Joene Elizabeth Poll. She weighed in at 7 pounds 5 1/2 ozs. and was 20 inches long. The proud parents are Norman and Bonnie Poll of Pontiac.

Mrs. Carol Fenton Crouch is recuperating at home following open heart surgery to remove blood clots from her heart and lungs. After starting school she was admitted to St. Mary's and then transferred to St. Luke's for the surgery on Sept. 10. She has been home since Sept. 24. Her address is 6261 Amanda, Saginaw, Mi. 48603.

## National 4-H Week, 1985

My heartiest congratulations to all 4-H members, volunteer leaders and Cooperative Extension Service staff across the country on the occasion of National 4-H Week, October 6-12, 1985.

This year's theme, "4-H for Youth for America," reflects the basic concept of 4-H, which is to help youth acquire the knowledge and skills to become productive citizens and leaders of our great Nation.

"4-H for Youth for America" depicts the broad outreach of 4-H to all youth. It reflects the positive impact of the Cooperative Extension Service 4-H program on American society.

I salute the more than 4.5 million 4-H members who are developing their life skills. I especially want to commend the more than 600,000 volunteer leaders for their commitment to strengthening American families and communities, by teaching such skills to others.

I congratulate 4-H on its achievements in food and fiber, natural resources, nutrition and voluntarism. During this International Youth Year, I especially applaud your cross-cultural education projects in this country, and the 4-H type programs in over 80 countries throughout the world.

Mrs. Reagan joins me in sending best wishes to 4-H for a future that continues to improve the quality of life for millions of Americans.  
Ronald Reagan

## IN MEMORY OF KEVIN LAMOTTE

I think it is time I hate to say, to call the wind and take you away. It was short and friends did cry. They will remember you as the years go by.

You were special in many hearts and many unforeseen. But the breath of life was taken away. Like the wake from a scary dream.

Your friends and relatives are with you always, in their thoughts and in their hearts. They will remember you like no one else, For only you can play the part...

## Undefeated Gaylord Downs Scrappy Grayling Team 13-0

Grayling played its best game of the year and almost knocked off undefeated Gaylord at the Blue Devils' Homecoming game. The Vikings could not cash in two scoring chances and dropped a 13-0 decision.

In the first quarter, Grayling had the first scoring chance in the game. They moved to the 12-yard line and were stopped there after dropping a couple of passes in the end zone. Grayling

gave up the ball on downs and the game remained scoreless until 51 seconds left in the half. Gaylord scored on a 14-yard pass and kicked the extra point for a 7-0 lead.

In the third quarter, Grayling took the opening kick-off and marched down to the Gaylord four-yard line for a first down and goal. This time Grayling tried to run it in the end zone four times and were stopped at the one-yard line.

Gaylord added a touchdown late in the fourth quarter. Their try for two points was stopped when Todd Klinger intercepted a pass in the end zone.

Viking coach Bill Klinger said the Grayling defense and offense played strong. On defense, he said Grayling mixed up their formation and bottled up Gaylord's powerful split T attack. Rick Sprague, Kevin Hudson, Jason McEvers, Don Brooks, Jim Laurent, Tom Shively, Jeff Wolcott, Mike Keene, Tom Miller, Todd Klinger, and George Duncan led the defensive play. Klinger caught two interceptions against Gaylord.

On offense, Duncan caught three passes for 64 yards, Wolcott caught five for 36 yards, McEvers two for 35,

and Brooks two for 11. Klinger threw for 146 yards hitting 12 for 30.

Grayling plays St. Ignace for the Viking 1985 Homecoming this Friday.

The unbeaten Gaylord football J.V. squad scored a touchdown in every quarter Thursday to beat Grayling 28-0. The score was 6-0 late in the second quarter when Grayling had Gaylord in a third and 24 situation. Gaylord got off the hook with a screen pass for 19 yards and a quarterback keeper that made the first down. Gaylord went to score on that drive to go up 12-0 at half.

Grayling coaches said the Vikings hit hard the whole night and never let up. Rusty Argue had his best night at halfback running hard and Kevin Kamph and Mike Goddard also helped Grayling gain a lot of yards on the ground. Chris Skidmore had a good game passing and Mike VanHill ran well from the quarterback position. VanHill also had an interception on defense and Skidmore saved a touchdown with a tackle just before the first half ended. Craig Hudson led the defensive line play.

### Prize Unclaimed!

On October 5, 1985 the Grayling Regional Chamber of Commerce held a drawing for a print of the Depot at the Depot for the local people.

The winning number drawn was #207. No one has claimed this prize.

If you have the winning ticket please come into the Chamber Office and claim your prize. You must have your ticket stub with the correct number on it.

### Volunteer Dinner

The Annual Historical Museum Volunteer Dinner was held on October 4th at the Holiday Inn. There were thirty five who attended this recognition dinner.

The group was thanked by Elmer L. Fenton for their cooperation in keeping the museum open during the summer.

It is doubtful that the Crawford County Historical Museum will open at the same location in 1986.

The volunteers are to be commended for serving the last two months of the '85 season without toilet facilities. The gas fired toilet burned out around the early part of July. It was impossible to get a replacement.

It is with regret that I plan to give up on being in charge of the Crawford County Historical Museum. I have been working for fifteen years getting the museum established and maintained. It is my opinion that the time has come for someone else to take charge.

The work and contacts with many people during the past fifteen years have been very enjoyable and educational.

I talked to the Rotary Club meeting on Sept. 18 about the possibilities of the Depot Building being used to house the Crawford County Historical Museum. It, in my opinion, would be an ideal place. There is a lot of work ahead to get the Depot building in condition to house the museum. The Rotary Club should be commended for taking on the big project. The old depot looks great.

I did tell the Rotary Club that the depot would be a good place for the museum, but someone else would have to take charge.

At this time I would like to thank the R.S.V.P. office staff for their cooperation and help.

To the people of Crawford County, this Crawford Co. Historical Museum is your museum. It needs the cooperation of everyone in the county. Why not get behind the Rotary Club and help make the depot our next Historical Site and Museum.

## Grayling Loses at Buzzer 50 - 48 to Blue Devils

Grayling dropped two close contests on the road last week falling 50-48 to Gaylord and 48-40 to Cheboygan.

Grayling scored at the buzzer to end a valiant Grayling comeback. Grayling trailed the entire game until a strong fourth quarter run tied the game. Gaylord led 13-7, 35-19, and 41-27 after the three quarters.

### Red Cross

(Continued From Page 1)

Families duty workers home here in Grayling. It was obvious from the lady's voice that she was very upset and worried.

She had been trying to reach her son all afternoon who was in the Army, stationed at a midwestern base, without success. She was a widow and lived alone. Her Doctor had recommended immediate surgery to her that afternoon and she was entering Mercy Hospital in Grayling the next morning.

She was frightened. She had never experienced surgery before, and she wanted her son — her only child — to be with her.

Was there any way Red Cross could help her she asked? She was assured Red Cross could and would. She had her son's rank, social security number, unit and the base at which he was stationed. She was asked for her Doctor's name and permission to verify her surgery — a standard Red Cross procedure when leave for a military person is requested —

### RSVP Director

by Aleta Thompson

We certainly enjoyed the fall colors on our mystery trip to Camp AuSable. We had planned to ride on the horse drawn hay wagons, but because of the cool weather, they provided a warm bus to take us through the beautiful grounds. The warm crackling fireplace in the lodge warmed us along with good food and good friends from the Crawford and Roscommon RSVP program. The museum was the highlight of the visit with the viewing of their "little mac bridge" and other attractions. We certainly appreciated the cookies and punch they had for us.

We are in need of volunteers to work at the Frederic School library and we can use more help in our Community Service project here in Grayling. We will be recruiting volunteers to work at our Roscommon stations very soon now. Our office in Roscommon is in need of furniture and a telephone but it won't be long before we will have a phone number for our volunteers to call there.

Crawford County RSVP is beginning its thirteenth year of community support. Here is a fine example for other areas to follow. We salute those who are involved in RSVP and encourage more Crawford County senior citizens to become involved in the program.

The only criteria for participation in RSVP, is that a person be 60 years of age or older. If you are interested, please come in or call us at 348-8322 or 348-4341.

Grayling came back in the fourth quarter but was still down by five points with only 43 seconds left. Some clutch fourth quarter free throw shooting brought Grayling back in the game.

Shawn Denton sank ten of ten from the line in the fourth quarter and Dena Thayer hit both ends of a one-and-one to tie the game with 13 seconds left.

Gaylord came down for a last shot and was fouled with four seconds left. Gaylord missed the first shot of a one-and-one but the ball bounced to Gaylord and they threw in a bucket as the buzzer sounded.

"It was just one of those things," said Viking coach Tom Mills. "Our players had good rebounding position but the ball just bounced to Gaylord. It was a shame. The girls really deserved to win that one the way they fought back. I'm really pleased with their play. They didn't choke. They hustled and did all the things they should to get back in the game."

Denton led Grayling with 16, Kim Springer had 12, Thayer 9, Michelle Trudeau 5, Michelle Moore 4, Katherine Kraus 2.

Against Cheboygan, the third quarter did in Grayling. The Vikings were ahead 20-13 going into the third quarter and eight minutes later they trailed 33-26.

Michelle Moore scored 21 to lead Grayling. Stacey Hinds had 6, Denton 4, Kraus 4, Thayer 2, Trudeau 2, and Jennifer Ojala 1.

The Grayling J.V. team dropped two games last week after opening league play with two wins.

Gaylord beat Grayling 44-19 and Cheboygan won 50-33. Against Gaylord, Patti Tremblay was high scorer with 6 and Lori Gust added 4. Against Cheboygan, Tremblay scored 12 and Kelly Hudson 6.

Grayling beat Boyne City 54-28 and Petoskey 49-30 earlier. Against Boyne, Tremblay scored 16, Hudson 11, Kelly Springer 8, Carrie Trudgeon 4, Jenni Money 4, and A.J. Pratt 2. Against Petoskey, Hudson had 11, Money 10, Tremblay 6, Pratt 6, Angie Larson 4, Deanna Phelps 4, Springer 4 and Trudgeon 4.

## Chamber Chatter

This weeks Chamber Chatter is dedicated to all local residents. So often our efforts are directed toward the tourists and National Guardsmen who have a large impact on our economy but leave us in the off season. Little is ever said or done for the local citizens who are with us year in and year out regardless of the season or the weather. You are the real mainstay of our economy and we wish to say "thank you".

On Wednesday, October 16, when few travelers are in our area, some Grayling businesses will say "Thank You Grayling". Each participating business will show its appreciation to its year round customers in its own way. There will be sales, there will be prizes, there will be free coffee and snacks. The Chamber will participate with a special ceremony, open to the public, honoring one of Grayling's past citizens. We have received an American Flag, donated by Mrs. Nancy Lisman, in honor of her late husband John Lisman. At 11:45 a.m. the Military Color Guard will raise the colors in John Lisman's memory to the top of our new flagpole. A permanent memorial plaque will be displayed so that John Lisman will remain in our hearts through the years. The flag, pole, rope, cement, plaque, and all work involved have been donated by the Grayling business community in honor of John Lisman.

We, at the Chamber, think that this day to honor our local patrons, is long past due. We urge all businesses to participate.

Thanks to you...  
it works...

### TRAIL OF PROMISE

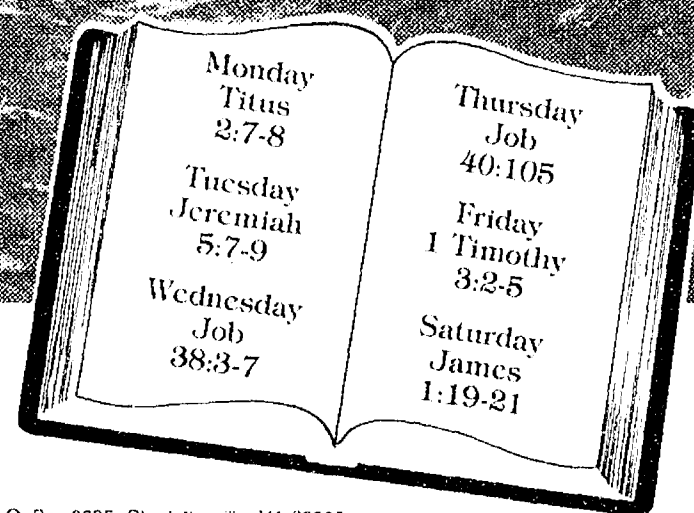

Some folks can't see the woods for the trees. They brood on their problems one at a time.

Others see the woods — but only as a dark and threatening forest. Looking at all their problems en masse they see no ray of hope.

The strong among us are those who've learned to search always for the light of promise which penetrates the woods and bathes the trail in its warming glow.

Discover confidence and courage through faith by setting aside a day each week for worship and religious training.

## Win-Some Women Retreat Nov. 8 - 9

Final plans are being made for the 14th annual Win-Some Women retreat which will be held at the beautiful Boyne Mountain Convention Center, in Boyne Falls, Mich. Dates for the retreat are Friday, November 8th and Saturday, November 9th.

Daisy Hepburn, wife, mother, and author of the "Life with Spice" Bible studies, will be a featured speaker at the retreat. In the ministry of encouraging women, Daisy has become involved in speaking for retreats, workshops, conferences, and leadership seminars, in the United States and Canada.

The books, "Look! You're a Leader!" and "Why Doesn't Somebody Do Something?" written by Daisy in her own dynamic style, offer motivating and encouraging ideas to women. At the present time she is writing the book "How to Grow a Women's Ministry Tree."

Daisy and her husband David live in San Francisco, California, and are parents of two grown children. David is president of the Bridgeport Christian High School and Center, and Daisy has convened an Auxiliary for this ministry.

As founder/director of the Hope of our Heritage Conferences, Daisy brings women together with well-known Christian speakers and teachers to address current issues for living as God's women today.

Also featured as speaker and teacher of the seminar "What It Means to Love God," will be Bilquis Sheikh of Thousand Oaks, California. Her international best seller, "I Dared to Call Him Father," tells the amazing story of her conversion from Moslem religion to Christianity. Other seminars will be developing the retreat theme, "Knowing and Loving God." Elaine Tan M.D. from Rochester Hills, Michigan will share about "Christian Parenting," Peter and Connie Vellenga of Boyne City, Michigan will speak on "Restoring Broken Relationships," and Doyce Laffoon from Liberty, Missouri will teach on "Awareness of

Singleness in Today's World." Ministering about "Spiritual Authority Over Satan" will be Rev. Warren Arndt of Troy, Mich.

More information, registration forms, and banquet tickets may be obtained by contacting your local area co-ordinator, Valerie Lehti or they may be picked up at Davis Jewelry. The retreat is sponsored by the Neighborhood Inter-denominational Bible classes of Petoskey, and all women are invited to attend.

## Report From The Band Boosters

What an experience! Band members had the opportunity on Saturday, September 28th to travel to Mt. Pleasant for the Central Michigan University Symposium. Band director, Dennis Ormsbee and his wife, Brenda, along with Mrs. Nancy Brooks, escorted the troop. Four of the five members of the color guard also attended. Five high school bands performed and then enjoyed listening to the C.M.U. Band.

The flag bearers also attended a clinic with the C.M.U. "Flags" as instructors. They will display their skills as color guard in the Homecoming Day Parade on Friday, October 11th. The parade will begin at 5:00 p.m., and will be followed by the Homecoming Varsity Football Game at 7:30 as the Vikings meet St. Ignace. Be sure to come out to the festivities and give the band a boost by showing them you are interested.

The next monthly meeting of the Band Boosters will be on Monday, October 21st, at 7:30 p.m. in the high school band room.

## Girl Scout Cookie Time

The first annual fall Girl Scout Cookie Sales started last Thursday afternoon at the Michelson Memorial United Methodist Church. Brownies, Juniors and Cadettes met at the church after school for a Cookie Kick Off program. The girls were instructed on selling cookies correctly. Do's and Don'ts of taking orders were presented by several troops. Cindy Green, Leader Trainer went over the cookie sheets with the girls.

A slide presentation from the Burry-Lu factory showed the girls how the cookies are baked, packaged, inspected and then delivered to our area cookie chairman. They got to see the peanut butter filling made, the mints enrobed in the chocolate and the big ovens.

Cookie sheets and tax deduction slips were handed out by the leaders. Cookies and McDonald's orange drink was served, then one hundred twenty-three Girl Scouts were released on Crawford County until October 14th to take orders.

The cookies are \$2.00 a box with 74 cents being tax deductible, 47 cents for all camping programs, 47 cents troop development programs, 2 cents for camper-ships and this year the troop earnings are 30 cents.

The Girl Scouts are selling seven varieties this year. The Golden Yangles are a snack cracker with cheddar cheese, the Coconut Cremes a coconuty - tasting cookie, Chocologie a nutty crunchy chocolate covered bar like candy, the very popular mint covered wafer, the sugar topped Scot-teas shortbread, the Savannah peanut butter cremes and the crunchy Hoedowns topped with peanut butter creme and a chocolatey coating.

If you have not been contacted by your favorite scout or don't know one call Kary Moshier evenings at 348-7118 or Sue Louchart afternoons and evenings at 348-8117 for troop referrals. Girl Scouts are supported through their cookie sales and the United Way. Giving never tasted better!

## Troop 997

by C. Thompson

Boy Scout Troop 997 is on a rampage. The House Warming campaign was very successful. It is now over, but over the past month we have recruited five boys, Sam Mack, Paul Kamph Jr., Bill Porath, and former scouts Nathan Ginther and David Porath.

With the five new boys, our troop now has twelve boys making it possible to split up into two patrols. The location where the boy lives determines what patrol he will go in. Boys from Beaver Creek area will be in the "Beaver" patrol, boys from any other areas in Crawford County will be in the "Viking" patrol. Besides the weekly troop meetings on Wednesdays, each patrol will be holding their own patrol meeting. At these meetings the boys from that patrol will be going on hikes, campouts, and working on badges or service projects.

Last weekend Troop 997 went to a district camporee. Every troop in the district participated, including five of our boys. At this campout we learned tips on things like camping, first-aid, and orienteering. We also had a camp wide game and campfire. Our boys would like to thank Dr. Barry Fenn and Mr. Kevin Marculewicz who took us to camp and supervised us.

The House Warming campaign is over, but we still want to bring in more boys. If you are eleven or ten and a half and passed fifth grade, then give us a call. Call Evelyn Kemp at 275-8445. We have things to do for everybody, including you.

## Magistrate

Appearing before Magistrate Irene Wyman last week were the following: Brian David Evans, of Luzerne, and Daniel Michael Ross, of Flint, for "Illegal Possession of Deer". They were assessed fines and costs of \$208.00 and \$50.00 liquidated damages. Sentenced to five days in jail and loss of deer and bear hunting privileges for the remainder of 1985 and the next three succeeding years.

## Jr. Pro Basketball Sign-Up Set for October 19 & 26

All boys and girls in the 3rd, 4th, 5th, and 6th grade are eligible to join. The participation fee this year will be \$7 a player. The coaches' meeting for Jr. Pro will be held at 7 p.m. October 27.

## RCIA Program Starts at St. Mary's

St. Mary's Church in Grayling is beginning a new program called the Rite of Christian Initiation of Adults (the RCIA). The RCIA is designed for anyone who wishes to know more about the Catholic faith, and also provides a process for initiation into the faith, for those desiring to become Catholics.

The first session of the RCIA will be held in the St. Mary's Family Center at 7:30 p.m. on October 24th. An explanation of the process will be given on that night.
